

Hi Neighbour,

The COVID-19 virus has turned our world upside down.

In the spirit of loving your neighbor as yourself, we are available if you need something.

If you are short a roll of toilet paper, give us a call.

If you are self-isolating or in quarantine and need us to get your groceries give us a call.

If you just need to talk with someone for a few minutes give us a call.

You are our neighbours and we are sharing the love.
